Completing the Profile Form

To search for scholarships and other financial aid programs, fill out the profile form by clicking on the desired boxes or list items. If there is a circle (radio button) next to your choice, that means you may only select one option in the group. For example, under Educational Status, you cannot select both Junior and Senior. If you are making more than one selection from a list, for example in the Competitions list, hold down the CTRL key (Mac users hold down the apple key) on your keyboard as you click on each item in the list. To remove a choice, hold down the CTRL key (Mac users hold down the apple key) and click on that choice again.

Additional Hints on Filling Out the Profile

Degree level

You must indicate the degree level for which you need the award or your search will not work. If you are not pursuing a degree, select Nondegree.

Include federal programs on my list

Federal programs such as Pell Grant, Stafford Loan, Work-Study are by far the largest source of aid to college students. While most federal programs use financial need as the main eligibility criteria, there are some that grant money to students committed to a particular field, such as Education.

Competitions

Click on these to see if you are eligible for any contests that award money for college.

Educational Status

If you are currently in high school, select the grade you will be in when you apply for the scholarship or other award. Choose Returning Adult student if you are returning to school after a lengthy interruption for work, family, or other reasons. Otherwise (for example if you are currently in college or graduate school), select Other.

State of Residence

Select the state you currently live in by clicking on its name. Many scholarships are only available to residents of a specific state. Foreign students should leave this item blank.

Miscellany

Click on any of these miscellaneous interests, hobbies, medical conditions if they apply to you. For example, if you clicked "Asthma (condition)" you would search for scholarships for students with asthma.

Major(s)

(3)

You should select something from this list even if you have not yet decided on a major. Browse through the list and click on the choices that most interest you as a possible major.

Select Student's/Parent's Career(s)/Employer(s) and Club(s)/Organization(s)

These lists apply to both you and your parents. If you or someone in your family works for a subsidiary or a company listed here, click on the name of the company. If you or someone in your family belongs to an organization or club listed here, click on the name.

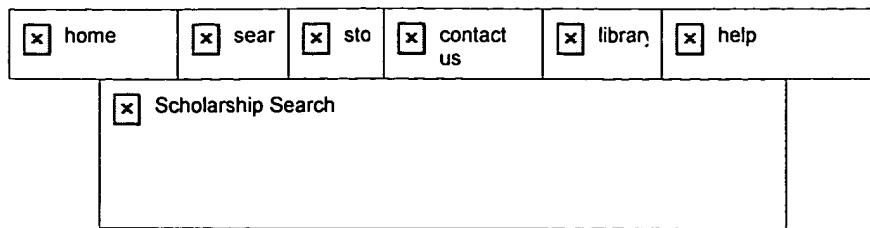

Military Status

The final section of the profile applies only if you or a family member has served in a branch of the U.S. Military or Reserves. Check all items under each heading that apply.
